

Village Hall Chairs

Background

The village hall has plastic chairs which are used on a daily basis by regular and ad-hoc hall users. The chairs are ageing and becoming brittle, with a number of them being disposed of due to damage in the last year.

Quotations

To ensure the continued provision of seating in the hall, initial quotations have been sought to replace chairs.

Budget

Council has earmarked reserves for Village Hall Upgrade works, some of which has been used within the last financial year. The remaining budget value as of 14 May 2024 is £24,654.00. Earmarked reserves in this budget will also be required to fund the provision of further village hall upgrades, including to the heating and hot water systems.

Recommendation

Council should consider proceeding to replacing the chairs at the village hall, agree to one of the above quotations or establish a budget for this purpose.
