Cost allocation includes an element of judgement and the charity has had to consider the cost benefit of all detailed calculations and record keeping. To ensure full cost recovery on projects the charity adopts a policy of allocating costs to the respective cost headings through the year, this allocation includes support costs where they are directly attributable. Other support costs shown are a best estimate of the costs that have been so allocated either on a per capita basis or on an estimated usage basis.

Description of the information being requested

Clipstone Parish Council leases one of its premises to a business by the name of Sqoshis. The property they occupy is the former

As part of a contract with NSDC, Clipstone PC is obliged to pay NSDC 50% of any commercial rent on this property. Clipstone PC has been invoiced for and paid this 50% rent share to NSDC despite not receiving any rent payments from our tenant.

This business, was forced to close for most of 2020 up until today. I do not know if they have yet reopened. Our tenant informed me that they had received a £10,000 grant from NSDC at the beginning of the pandemic.

Clipstone Parish Council has not received any rent or other payments from the 2020-21 or 2021-22 financial years.

It is the Council's understanding that any grants given to local businesses from Covid-19/Coronavirus funding should be used to ensure the viability of the business, which in our understanding includes paying any leases on the occupied properties.

Clipstone Parish Council therefore asks to know the total sum of pandemic related business grants and loans has received in the past 18 months and whether any of these payments were conditional to the company using the money to pay - at least part of - its debts to its landlord.

I look forward to your cooperation in this matter.

LOCAL COUNCIL AWARD SCHEME

WHY SHOULD YOU APPLY

There is a range of reasons why a council could benefit from taking part in the award scheme. For those councils who are already confident that they perform to a high standard the scheme provides assurance to the council that it is up-to-date and progressive by the standards set by the sector. For those who wish to improve, it provides a framework to plan and make the first steps. Helping the council improve performance and confidence, with policies in place for continuous development. And for all councils winning the award should be a celebration for councillors and officers, as their commitment and hard work are recognised and respected.

An award is a tool that councils can use when working with the local community or other local partners. Giving them confidence that the council is delivering to a national professional standard.

And finally, the scheme will contribute to the national reputation of local councils demonstrating achievements and a commitment to improvement

HOW TO APPLY

1. The first step is to <u>register</u> online with NALC. You will then be charged a £50 registration fee by NALC.

Tip: You do not need to have all the criteria in place at this stage, you are simply registering your interest in taking part in the scheme

Tip: You can apply for any award level - you don't need to start at Foundation

- 2. When you have the criteria prepared and in place, confirm this in a public meeting
- 3. You should then notify your local accreditation panel coordinator and provide the **application form** including links to online documents. At this stage, you will also pay an accreditation fee to your local County Association. This fee depends on the award level you are applying for and the size of your council (full information in the Local Council Award Scheme Guide)
- 4. Your local panel coordinator will contact you with the result of your application.

WHICH AWARD LEVEL SHOULD YOU APPLY FOR

There are three levels of awards in the scheme

- 1. Foundation Level
- 2. Quality Award
- 3. Quality Gold Award

FOUNDATION LEVEL

The Foundation award is for councils who want to show they meet a set of minimum standards to deliver effectively for their communities. To meet this award the council demonstrates that it has the required documentation and information in place for operating lawfully and according to standard practice. The council also has policies for training for its councillors and officers and so has the foundations for improvement and development in place.

The Foundation award allows you to benchmark your performance as well as challenging you to consider your councils continuing development and improvement.

QUALITY AWARD

The Quality Award demonstrates that a council achieves good practice in governance, community engagement and council improvement. Quality councils go above and beyond their legal obligations, leading their communities and continuously seeking opportunities to improve and develop even further.

To achieve the Quality Award a council demonstrates that it meets all requirements of the Foundation Award and has additional evidence of good governance, effective community engagement and council improvement. Due to the level of this achievement, a council with a Quality Award can also be eligible to use the general power of competence.

QUALITY GOLD AWARD

The Quality Gold Award demonstrates that a council is at the forefront of best practice and achieves excellence in governance, community leadership and council development. Quality Gold councils provide leadership for their communities, bring people together, have excellent business planning processes, ensuring value for money as well as constantly seeking new innovations and opportunities to improve. They highlight the very best we, as a sector, can achieve for our communities.

WHICH COUNCILS ARE ACCREDITED

In Nottinghamshire only 4 councils are currently accredited – out of approximately 200: Collingham PC, Dunham on Trent with Ragnall Fledborough & Darlton PC, Harby PC and Mattersey PC.

Clipstone PC would be the first Council with a precept exceeding £100,000 in Nottinghamshire to gain a Local Council Award.

HOW MUCH DOES IT COST

FEES There are two fees:

- A registration fee paid to the National Association of Local Councils
- An accreditation fee paid to the organisation responsible for administering the local or regional accreditation process.

The registration fee paid to NALC is £50 paid by all councils for each level regardless of size.

The accreditation fee varies according to:

- The award applied for
- The income of the council
- The council's accreditation history

	Income below £25,000		Inco	Income above 25,000		
Foundation Standard	£	50.00	£	80.00		
Quality Standard	£	80.00	£	100.00		
Quality Gold Standard	£	100.00	£	200.00		

All figures quoted are excluding VAT.

In addition there will be officer and councillor time to prepare for accreditation.

A free training session is available 12 May.

Please see Local Council Award Scheme (nalc.gov.uk) for further details.

WHAT IS THE ACCREDITATION PANEL LOOKING FOR?

The panel seeks assurance that a council acts lawfully and according to standard practice. Unless it is a matter of law, the panel is not making a judgement on the quality of the evidence at this level; it simply confirms that the documentation and information is in place, up-to-date and complies with the guidance below. For those documents that are not posted up online, the panel may ask to see the evidence if it is considered necessary.

- All policies should comply with current legislation and guidance and note the date of the next review.
- Standing orders, financial regulations, the Code of Conduct, publication scheme, accessibility statement, privacy statement and complaints procedure are public documents tailored to the specific council. Standing orders or financial regulations explain procedures for contracts and internal controls. There should be evidence of an open media policy which does not restrict engagement with the press. For councils with an annual turnover of less than £25,000 they also demonstrate compliance with the Transparency Code for Smaller Authorities.
- The council does not need to publish the councillors' registers of interests on their own website provided that there is a working link to the complete register of all councillors' interests on the principal authority's website.
- The council's website should include the name of the clerk and contact details (address, phone, email) for the council as a corporate body.

 It should also publish the names of councillors and councillors' responsibilities in compliance with the Local Government Transparency Code.
- The council posts up a scanned copy of the last annual return. The panel checks that the council has a limited assurance (unqualified) opinion from the external auditor; the opinion may contain recommendations for consideration as long as a qualified opinion is not given. The panel checks the arrangements for internal audit and internal controls. From 2017, councils with an annual turnover of less than £25,000 will not be required to submit their annual return for audit. Panels check that these councils comply with the Transparency Code for Smaller Authorities.
- Information on all payments must be transparent and in accordance with financial regulations and statutory proper practices.
- The calendar (in any format) includes the Annual Meeting of the Council and the Annual Parish/Town Meeting and both meetings must be held during the correct statutory period. The calendar also shows that the council has at least four full council meetings a year.
- Similarly, the minutes for full council meetings over the last year include the Annual Meeting of the Council. If relevant, the council also posts up the minutes of its Finance Committee to demonstrate transparency according to statutory regulations and of its Planning Committee showing that procedures for reviewing planning applications are correct. The panel checks that minutes and agendas demonstrate the lawful convening of meetings and decision-making and that all meetings allow the public to make representations to the council.

- The council can post up the current or next year's budget (or both). Budget documents would normally show columns comparing the year in question with the two previous years; they include information on income and expenditure (or receipts and payments) and show how the precept was calculated.
- The council must publish an action plan; as a minimum this is a one-page document listing the council's objectives for the current year. It is not a parish plan which is a plan for the future of the community; the council can extract objectives for action from the parish plan depending on its areas of responsibility.
- The panel seeks at least one piece of evidence from council publicity that it consults and actively serves its community. Publicity might include an annual report, web material or news bulletins. The information gives a flavour of any council activity such as lobbying principal authorities, giving grants to community groups, the provision of a service or helping with community events. For guidance, councils can refer to The Code of Recommended Practice on Local Authority Publicity. Similarly any form of consultation is suitable, including surveys, online polls, focus groups or public meetings.
- Council documents demonstrate that the council participates in the planning system by, for example, commenting on planning applications or working on a neighbourhood plan. Decisions on planning matters must be made in properly convened meetings and, if required, by delegation to a committee. Some decisions may be delegated to an officer.
- The panel may wish to check that insurance policies have been reviewed and are up-to-date and that the council recognises insurance as a way of mitigating risks to public money. The panel does not seek to judge the appropriateness of the insurance policies themselves.
- Contracts, disciplinary/grievance procedures, a risk management policy and register of assets can be based on a model but tailored to the specific council. They are not published. The contract(s) for staff can be provided in redacted format, or if there are reasons why the contract cannot be shared then the council provides a statement from a full council meeting confirming that all staff are employed under an appropriate contract. The risk management policy shows the council has considered health and safety of staff, councillors and others as appropriate.
- A training and development policy for staff and councillors can be a short statement of intent while a training record gives dates, titles and providers of development activities undertaken by named individuals in the last year, including, for example, events, online courses, learning on the job and qualifications. Councillors undertake a range of development activities such as attending conferences, undertaking training, or reading about developments in the sector. The clerk's training record includes evidence of CPD such as training, conference attendance, mentoring and studying for qualifications. CPD points are allocated according to a <u>system published</u> by the IDB.
