Hints and tips

When signing up do not use your own name as your user name otherwise it will appear on Snowball. Choose your own username.

Once your signed up your ready to go.

How to upload a place or venue:

Snowball is user generated. This means that Snowball grows and grows as users add more places and reviews.

First search for the place you want to see in the box '**Where are you going?**' please make sure you use the name of the place and town, village or city is well for example 'McDonald's, Loughborough'. If McDonalds Loughborough has not been added then you will be prompted to add this to Snowball via the blue '**Add new place**' button then just follow the simple on-screen instructions.

Hints and tips

It is quicker to have a photo of the place or venue before starting a review.

How to add a review?

Adding a review could not be easier.

Search the place you want to review, if it is already on Snowball, it will populate and then just click '**Write a review**' and follow-on screen instructions.

Lead the community

Your reviews are vital to the Snowball community, keep it up!
